

# 908

## HAMILTON BEACH

### Commercial Bar Blender

Electric

#### Features

**Flexibility** – The perfect choice for smoothies, margaritas, daiquiris, iced cappuccinos, granitas and more.

**Dependability** - Considered the worldwide standard by bartenders who have come to rely on their dependable performance.

**Two Speed Power** – Separate “On/Off” and two speed toggle switches are conveniently located for quick and easy access.

**Durable Stainless Steel Blades** – Four stainless steel cutting and mixing blades ensure perfectly smooth drinks with no unwanted ice or fruit chunks.

**Container** – A break resistant 44 ounce polycarbonate container with easy-to-read graduated measurement marks and an easy-grip handle.

**Easy to Service** – Parts and accessories, like our flexible, easy-to-use neoprene clutch assembly, are available for your convenience-a service designed to increase motor life.
