HAMILTON BEACH

Commercial Bar Blender

Electric

Features

Flexibility – The perfect choice for smoothies, margaritas, daiquiris, iced cappuccinos, granitas and more.

Dependability - Considered the worldwide standard by bartenders who have come to rely on their dependable performance.

Two Speed Power – Separate “On/Off” and two speed toggle switches are conveniently located for quick and easy access.

Durable Stainless Steel Blades – Four stainless steel cutting and mixing blades ensure perfectly smooth drinks with no unwanted ice or fruit chunks.

Stainless Steel Container – 32 ounce durable stainless steel container with a snug fitting, two piece vinyl lid.

Easy to Service – Parts and accessories, like our flexible, easy-to-use neoprene clutch assembly, are available for your convenience-a service designed to increase motor life.
