

A0114

AROX Cooking Range

Electric – Free Standing

Features

This series provides compact dimensions and high performance.

The Electrical Oven is supplied by two armoured resistances, controlled by two independent thermostats. High Power Elements:- 5.4kW, double crown together with a Large thermostatic oven 2/1GN as dimensions.

The design is simple, ergonomic and sturdy.

The Square Hot Plates (Dia 220mm) carry a powerful rating of 2.6 kW each, which are adjustable by a 6 positions commutator.

This cooker is able to satisfy perfectly the needs of every professional chef.
