

A16 Series

AROX Boiling Pan

Electric

Features

Design. All our boiling pans are equipped with a moulded bottom tank with rounded edges made with AISI 316 chrome nickel molybdenum that prevents corrosion caused by salt and starch created by food cooking.

Simplicity of use. The pre-installed water tap, the practical spring-balanced lid, the ergonomic safety thermostats and controls simplify the use of the boiling pan while guaranteeing maximum safety at the same time.

Total cleanliness. The rounded shape and the practical chromium-plated drainage tap, which can be easily dismantled, make all maintenance and cleaning effortless.

Ingress Protection Code: IP44

Specifications

		A1602	A1606	A1622
Capacity	litres	6	8	10
Tank Diameter	mm	400	600	400
