

## AG0000

### AROX Cookers

Gas – Free Standing

#### Features

This series provides a compact solution that delivers a high performance.

High power burners: 3.5kw, 5.5kw & 7.2kw double crown together with a thermostatic oven 2/1GN as dimensions, produce a machine able to satisfy perfectly every need of the professional cook.

Every machine of series 700 can be combined and lined up with the 900 series because of its similar back profiles.

Burners, grills and chimney – grill are in iron enameled RAAF.
