### FUJIMAK Electric Rice Cooker

Automatic – 2 Deck

#### Features

- Compact , easy to operate and can be used continuously.
- Unit-by-unit stacking system of the cooker permits optimisation of space.
- Cooks rice automatically in high-temperature heat emanating from the heater.
- This electric rice cooker has a highly efficient, powerful heating element with performance equivalent to the gas-heated cooker.
- The rice cooker is equipped with a drawer type rice pan which can be pulled out smoothly without putting one's hand inside the rice cooker.
- A round aluminium-finish rice pan complete with lid comes with each deck of the rice cooker.
- A pre-settable electronic timer control is also available as an option with this model.
- Ingress Protection Code: IP20.
