

# AF/SE1830

## AROX Bone Saw

Electric

### Features

This machine is of a contemporary design that is made reliable and simple to use. It is made of anodized painted aluminium body that is both beautiful to look at and hygienic.

It comes complete with a pressing arm, emergency button, motor brake. Its easy and precise regulation of the pulley that is adjustable in height and in inclination up-down or left-right assures the best contact of the blade.

Easy cleaning thanks to two construction features:

1. All electric parts are housed in the back side of the machine.
2. All components are easily removable for convenient cleaning.
