

# AES SERIES

## AROX Tumble Dryer

Electric

### Features

AROX provides a wide range of dryers complying with the needs of laundries from small to industrial size.

Ease of Operation and reliability of technology  
 Stainless Steel Drum 18/10 AISI 304  
 Exhaust outlet has a wide diameter to allow full  
 flow of air

The AES Series are suited for coin-operated laundrettes, nursing homes, factories, hotels, ships, off-shore facilities, industrial laundries etc.

Wide Door is controlled by an electronic sensor with protection IP67. It will stop the dryer from running if the door is open.

### Specifications

Models		AES 10	AES 14	AES 18	AES 23	AES 34	AES 55
Capacity 1:20	kg	10	14	18	23	34	55
Capacity 1:25	kg	8	11	15	19	27	41
Dimensions:-							
Width	mm					102	1360
Depth	mm		8	10	91	11	100
Height	mm	10			1		2260
Drum Dia	mm	756			977		1202
Drum depth	mm	420	585	767	590	870	960
Heating Elements	watts	6 x 3000			6 x 4000		9 x 6500
Power	kw	18			24		36
Electrical Input	volt	380-415V 3Ph 50Hz or 440-480V 3Ph 60Hz					

Continuing research results in steady improvements; therefore, these specifications are subject to change without prior notice.
