

ARC SERIES AROX Washer-Extractor

Electric

ARC 30, 40, 55, 70

ARC 8, 11, 14, 18, 23

Features

Side panels are made in stainless steel (AISI 304) and are built to give a rigid structure absorbing all vibrations and noise.

The Motorised Drain Valve fully opens, allowing a direct water flow thus preventing any residual water.

These machines are designed with both operation and maintenance in mind and provide the best solution for your washing needs.

The ARC Series are suited for coin-operated laundrettes, nursing homes, factories, hotels, ships, off-shore facilities, industrial laundries etc.
